Anton Bruckner:

Symphony No. 3
in D minor, 1877/78

RAFAEL KUBELIK
Bavarian Radio Symphony Orchestra

"I was just going from the theatre building to Wahnfried at 5 o'clock when the master of all masters hurried towards me with open arms, embraced me and said: 'Dear friend, the dedication is justified, you are giving me great pleasure with the work'."

Anton Bruckner

Anton Bruckner's Third Symphony pays tribute to the deeply revered Richard Wagner, to whom it is also dedicated. But the monumental work, on which Bruckner worked for nearly twenty years, is also the first fully valid example of his extraordinary symphonic idea: a combination of resplendent sounds and church service, as well as demonic romanticism and the comforting belief in heaven.

LISTEN &
COMPARE

This live recording of 30 January 1970 in the Herkules-Saal of the Munich residence with Rafael Kubelik and the Bavarian Radio Symphony Orchestra is issued in SACD format. It is the continuation of our series "LISTEN & COMPARE," which offers the SACD listener the possibility of directly comparing the revised, updated version to the completely unadulterated original archive recording.
