Prism Rhapsody II

Katarzyna Mycka, Marimba

Franz Bach, Marimba

Radio Symphony Orchestra Saarbrücken

Conductor: Dominique Fanal

Already the first CDs of the marimba virtuoso Katarzyna Mycka impressed listeners with their most refined dynamic shadings, enormous spectrum of colours and the breathtaking virtuoso handling of four mallets. She continues to document her exceptional position with numerous honours and prizes as well as in her worldwide concert activity. On this new recording there is the additional delight of brilliant ensemble playing with the Saarland Radio Orchestra and with Franz Bach as second marimba soloist - not to mention the encounter with highly interesting, brand-new repertoire. Here, in world premiere recordings, we see convincing proof that musical quality and listening approachability in new music need not be mutually exclusive.
